 Windows

The product can run both Android and Windows .

red dot winner 2024

- **Seamless Dual-OS flexibility.**

Switch freely between Android and Windows.

- **Flagship performance unlocks extraordinary user experience.**

High performance octa-core 6nm processor, up to 2.7Ghz. Equipped with large-capacity memory of 8GB RAM+256GB ROM to deliver premium-tier features.

- **Pioneering in engineering.**

The sleek yet durable aluminum alloy design strikes the perfect balance between weight, ruggedness and appearance. The bezel-less high definition display comes with a high-transparency anti-fingerprint coating.

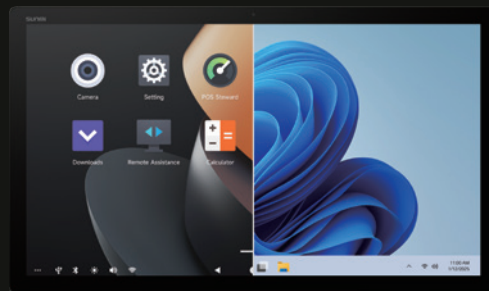

- **Interactive design for an ultimate user perception.**

Designed with NFC tap on screen for both the main screen and customer facing screen (optional). Easily detachable customer display that comes with a 1.5m extension cord to improve flexibility.

Android    Windows

Dual-system solution

- Windows or Android, switch at your will.
- Genuine and standalone. Tailored for scenarios demanding ultimate performance and stability.
- Experience a wide range of Android and Windows SaaS apps. Enjoy the flexibility of having both at your fingertips.
- Shared partition enables data exchange between dual systems.
